An interline container program jointly presented by
Do you need access to capacity and equipment that can flow nationwide and into Mexico to serve your freight footprint?

COMBINING RESOURCES, CONNECTING MARKETS

UMAX is a domestic interline intermodal container program jointly marketed by CSX Transportation (CSXT) and Union Pacific. Whether you need ramp-to-ramp or door-to-door service, UMAX meets your freight transportation needs.

UMAX AT A GLANCE

- Truck-competitive service in key lanes
- Local and transcontinental service on CSXT Intermodal and Union Pacific domestic container networks
- Access to more than 30,000 53-foot rail-provided containers
- Easy ramp-to-ramp container reservations through REZ-1
- Door-to-door service provided by CSXT D2D or Union Pacific Streamline
- A simple one-box, one interline bill transportation solution
- Mexico service to interior markets
- Available to a broad spectrum of customers: Freight Brokers, Intermodal Marketing Companies, Less-than-Truckload, Parcel and Truckload

Featuring more than 600 service lanes, UMAX provides customers with expanded market reach across North America, supported by reliable train service.
